Manufacturing Certifications

Description

Our Wrapped In Hearts Full Spectrum Oil contains two powerful cannabinoids CBD & CBG that work synergistically to provide even more effective relief from symptoms commonly associated with stress, such as restlessness and physical discomfort, than our standard FS tinctures. As key wellness components of the hemp plant with antioxidant profiles, these two cannabinoids also help to reduce the harmful oxidation of cells and help prevent the development of muscle and joint tension.

CBD POTENCIES

1500mg per bottle

RAW MATERIALS

1500mg FS CBD, 20% is CBG (350mg), 80% is CBD (1150mg), Peppermint flavoring
